PROFESSIONAL PROFILE

Software Engineering student at **UPC (8th semester)**, ranked in the **Top 5% of the program**. Full-Stack developer with experience in frontend, backend and technical project leadership. I work with **React, Angular, TypeScript, JavaScript, Java, C# and Python**, automations with **N8N** and AI, and cloud deployment (AWS, Azure, Vercel, Railway, Render, Netlify, Cloudflare). I model relational and non-relational databases and manage projects with **Scrum, Jira, Git and GitHub**. Focused on building scalable solutions with quality, architecture and teamwork.

WORK EXPERIENCE

- Arkabia — Junior Full-Stack Developer** Lima · Sep 2024 – Present
 - Frontend with **React, Angular**, Tailwind and Figma; backend with **JavaScript, TypeScript, Java and C#**.
 - Design and modeling of relational and non-relational databases.
 - Definition of architecture, business flows and system structure.
 - Team coordination under **Scrum**. Git, GitHub and Postman.
- Meproind — Tech Lead · Full-Stack & IoT** 2025 – Present
 - Tech lead**: architecture, business flows and system decisions.
 - Multilingual **React frontend** (18n: Spanish, English and Portuguese).
 - Backend built entirely with **N8N**: mining operational cost calculation.
 - IoT/industrial** component: gravimetric tables, electricity and water usage.
- PREVENTYS S.A.C. — IT & Systems Assistant** Lima & Cajamarca · 2024
 - Creation and maintenance of web interfaces (HTML, CSS, JavaScript).
 - Support with Microsoft tools for management and project reports.
 - Support for mining-sector projects with technical and administrative teams.

EDUCATION

- Universidad Peruana de Ciencias Aplicadas (UPC) — Software Engineering** Lima · 2023 – Present

8th semester · ★ **Top 5% of the program (Academic Merit)**
- Universidad de São Paulo (USP) — Human-Data Interaction** 2024
- University of Washington — Computational Neuroscience (Coursera)** 2023
- Univ. Nacional Autónoma de México — Arduino and applications (Coursera)** 2023
- Scrum Fundamentals Certified (SFC™) — SCRUMstudy** 2024
